Summary

Junior Software Engineer with 1+ year of experience building responsive web applications using **React.js, TypeScript, Redux, Tailwind CSS, and MUI**. Strong foundation in **.NET Core, ASP.NET MVC, and SQL Server**. Focused on **performance, reusability, and clean code**.

Technical Skills

Languages: C#, TypeScript, SQL, HTML, CSS

Frameworks / Libraries: React.js, Redux, MUI, Tailwind CSS, .NET Core, ASP.NET MVC, Web API

DB / Tools: MS SQL Server, SSMS, Postman, Git, VS Code, Visual Studio

Concepts: OOP, SDLC, Responsive Design, Cross-Browser Compatibility

Work Experience

Software Specialist

sept 2024 – sept 2025

Delaplex Limited (Product: *Kaptize – Learning Management System*)

- Contributed to the development of Kaptize by designing and implementing multiple dynamic UI screens to improve usability and visual consistency.
- Built reusable and interactive components using **React, TypeScript, Tailwind CSS, MUI, and Redux**, increasing reusability by **25%**.
- Integrated frontend modules with backend services using **FastAPI** and **.NET Core Web API**.
- Enhanced responsiveness and performance across devices, reducing render time by **30%**.
- Optimized SQL Server queries and stored procedures, achieving a **15% improvement** in database response time.
- Collaborated with UI/UX designers, backend developers, and QA teams using the Agile methodology to deliver production-ready features with **100% sprint success**.
- Participated in code reviews, debugging, and Git-based version control to maintain clean and scalable code.

Projects

Employee Management System (Desktop Application)

2024

Technologies: ADO.NET, MS SQL Server, WinForms

- Designed and implemented employee, payroll, and reporting modules, automating workflows and improving accuracy.
- Built data-driven UI using WinForms and SQL stored procedures for smooth performance.

Patient Management System (Web Application)

2024

Technologies: ASP.NET MVC, C#, MS SQL Server, ADO.NET, HTML, CSS, JavaScript, Bootstrap

- Developed modules for patient registration, appointment, and billing with secure validations.
- Improved data retrieval and UI flow, increasing usability by **25%**.

Education

MCA — G. H. Rasoni University, MP

2024 (CGPA: 7.8)

BCCA — Nagpur University

2022 (CGPA: 9.2)

Certificates / Training

Front-End Development (React.js) — Nedient Technologies Pvt. Ltd, Nagpur

Component-based architecture, state management, and responsive UI design.

.NET Development (ASP.NET MVC & MS SQL Server) — IT Preneur Pvt. Ltd, Nagpur

Hands-on web app development using ASP.NET MVC, ADO.NET, EF, and SQL Server.
